

NEW FROM SCHOTT MUSIC

Hello Children A COLLECTION OF SONGS AND RELATED ACTIVITIES FOR CHILDREN AGED 4-9 by Shirley Salmon with original drawings by Helga Wilberg

This book presents a selection of play songs and related activities in sensory awareness, movement and dance, voice and language, playing instruments, listening, visualizing, social forms and drama. It is written for kindergarten and elementary teachers working with children ages 4-9, for music teachers and for teachers working with groups of mixed ability. It aims to widen the repertoire of songs, topics and related activities, to enhance the experience of singing, moving and playing instruments together as well as to stimulate one's own creativity to invent new extensions. The wide range

of activities for each song enables teachers to work with children of different ages and abilities ensuring that no one is over- or under-challenged and that each child can learn, play and contribute to the whole on his or her own level.
