

INDEX (1961 – 2009)

The Index for 82 issues of ORFF-SCHULWERK INFORMATIONEN was published in February 2010. It is a carefully prepared index of all articles along with the documentations of the 7 great International Orff-Schulwerk Symposia plus the yearbooks that were published during the first decade of the Orff Institute.

This Index will make it possible for students, teachers and all who have an interest in elemental music and dance pedagogy to have a bibliography on hand for finding valuable source material. It is a treasure trove of articles, descriptions of practical work and information.

To support an optimal search, the following classifications have been chosen:

- Chronology
- Subject Areas
- Countries
- Authors

The 206 pages of this comprehensive publication appear bilingually in German and English.

It is our wish that this Index be made available in the future to all libraries of pedagogical and fine arts institutions (pedagogical colleges, music universities, fine arts universities, teacher training centres, kindergarten seminars, Orff-Schulwerk Associations, among others).

We are happy to send further copies to such institutions for a fee of € 5.- each.
