

ACOLORFF - ASOCIACIÓN ORFF COLOMBIA

Our main goal is to promote musical and artistic education following the philosophical principles and ideas of Carl Orff in all fields of education, in agreement with the International Orff-Schulwerk Forum Salzburg.

This association brings together musicians, dancers and artists, who are interested in starting or continuing their professional development by participating in workshops under the guidance of expert Orff teachers.

Annually, the association organizes 4 short workshops with national teachers, as well as 1 or 2 international workshops. Amount of the members of their board are experts who have been certified at the Orff Institut in Salzburg and at the San Francisco International Orff Course and who in turn are leaders and teach workshops in Colombia and abroad.

In December 2014 the Orff Colombia Association (ACOLORFF) was formally consolidated thanks to the joint efforts of the Orff Institut, represented by Veron Maschat, the Carl Orff Foundation and a group of Colombian teachers led by Carmenza Botero, Beatriz Serna And Sandra Salcedo.
