

ORFF SPAIN Asociación Orff España

Founded in 1996, the Spanish Orff Association has the mission of enriching the quality of music education in our country. The Schulwerk has a long tradition in Spain- from the pioneer work of Montse Sanuy, Dolors Bonal and Elisa Roche to our days there are several generations of teachers that studied at The Orff Institute in Salzburg. We offer support and training for our 350 members working in all levels of general education as well as in Music Schools.
