

BRIEF PRESENTATION

The Orff-Schulwerk Association of Spain has been working for more than 27 years in the dissemination of Orff-Schulwerk. We have been fortunate to be able to count on the support of many members and teachers, as well as the IOSFS, all of them involved in its development and growth. We will always be grateful to them.

Pedagogical project on the dissemination of traditional games, music and dance of the Iberian Peninsula. It is carried out in collaboration with the Orff Association of Catalonia and representatives of Orff-Schulwerk in Portugal.

COLLABORATION WITH EDUCATIONAL ENTITIES AND INSTITUTIONS

We believe it is essential to collaborate with other entities related to education such as universities (UAM, UCM, UNIR), conservatories (Musikene) and other associations and foundations (APEMEX, APROMUSICA, ADMUR and Barenboim-Said Foundation). We have also participated in conventions and congresses.
